Speaker and Author

The headlines are unmistakable. Our world is on the precipice of extraordinary cataclysmic change. The conflict between two great world religions—Islam and Christianity—is fast approaching a devastating climax that will shake the whole world.

Indeed, the face of Europe has already been transformed through rapid Islamic expansion, and the fear of terror and holy war pervade the world psyche as multiple conflicts rage in the Middle East.

But what happens next—and when? In an age of constant unpredictability, how can we really know what the future holds? Speaker and author Tim Rosenberg unveils a staggering new study of Bible prophecy that demonstrates that the Bible is not silent regarding Islam and other chaotic events in these last days.

“Islam and Christianity in Bible Prophecy” carefully explains the mysterious book of Daniel, specifically chapter 11, unveiling a thrilling picture of prophecy that has been accurate for 2500 years and explains the future roles of Catholicism, Protestantism, Islam, and the political Left and Right in the final conflict ahead. Along the way, Pastor Rosenberg provides the answers you need to survive in this chaotic world, answers that will give you complete confidence in God’s Word and faith in the promises of Jesus Christ, and the promise of His Second Coming. Live God’s love not hate.
